*"The one the professionals use!"*

This product is approved under the Control of Pesticide Regulations 1986 (as amended) for use as directed. HSE No. 8370

#### BATIMOSS CR

Batimoss CR is a concentrated solution to be diluted with water for use on hard surfaces to remove and prevent growth, such as moss, algae, lichen, mould, greening etc. It can be used on delicate areas such as thatched roofs and on interior walls beneath paint or wallpaper to prevent the growth of mould.

#### DIRECTIONS FOR USE

May be used at all times of year in dry weather, preferably at a temperature of 5 – 30°C. Any excess growth can be removed manually prior to use. Ensure the surface to be treated is dry. Once diluted 1 part with 4 parts water, apply by spray or brush at the rate of 1 litre per 4 - 6m<sup>2</sup> to ensure even coverage. Leave to dry. No need to rinse – this helps prevent regrowth. A second application may be necessary in the event of rain within 24 hours after use or if growth remains after 7 – 10 days. Remove any dead growth.

**PRECAUTIONS:** IRRITATING TO EYES AND SKIN. WASH ANY CONTAMINATION from skin or eyes immediately. WASH HANDS AND EXPOSED SKIN before meals and after use. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. Keep only in the original container. Keep container tightly closed. KEEP IN A SAFE PLACE. Benzalkonium chloride 5% WW

#### STATUTORY CONDITIONS RELATING TO USE

For use only as a wood preservative and surface biocide for amateur and professional use against moulds, mosses, lichen and algae on hard surfaces. Dilute 1 litre of product with 4 litres of water, then apply 1 litre of diluted product per 4 - 6m<sup>2</sup> of surface.

Wear suitable protective clothing and suitable gloves. Do not breathe spray. DO NOT CONTAMINATE FOODSTUFFS, EATING UTENSILS OR FOOD CONTACT SURFACES. This material and its container must be disposed of in a safe way. Wear suitable eye/face protection (when diluting). Avoid contact with skin. Avoid contact with eyes. UNPROTECTED PERSONS AND ANIMALS SHOULD BE KEPT AWAY FROM TREATED AREAS FOR 48 HOURS OR UNTIL SURFACES ARE DRY. COVER ALL WATER STORAGE TANKS before application. DO NOT USE NEAR DRAINS, PREVENT ANY SURFACE RUN-OFF FROM ENTERING DRAINS. REMOVE OR COVER ALL FISH TANKS AND BOWLS before application. This product contains substances which are known to be hazardous to the environment. Do not contaminate waterbodies or watercourses with chemicals or used container. ALL BATS ARE PROTECTED UNDER THE WILDLIFE AND COUNTRYSIDE ACT 1981. BEFORE TREATING ANY STRUCTURE USED BY BATS, CONSULT ENGLISH NATURE SCOTTISH NATURAL HERITAGE OR THE COUNTRYSIDE COUNCIL FOR WALES. READ ALL PRECAUTIONS BEFORE USE (HSE 8370).
